RE: Guidance on de-conflicting airspace requested.

Dear Mr. Penner,

Thank you for your time the other day on the telephone, per our conversation please forward this letter to the appropriate FAA Dept. for response.

I am a citizen of California pursuant to Article 4, Section 2, Clause 1 of the United States Constitution (see enclosed citizenship affidavit). I intend to fly a sUAS within the borders of California as stated in the 1849 California Constitution, primarily within the area covered by the SLA sectional chart.

As I am not a United States citizen pursuant to the 14<sup>th</sup> Amendment, and U.S. citizenship is a mandatory requirement to qualify a sUAS for registration with the FAA, therefore my sUAS does not qualify for registration with the FAA. If a provision for non-U.S. citizens (non-resident aliens), to obtain acknowledgement of ownership of a sUAS from the FAA is available, please forward that information to my mailing address listed above.

The purpose of this letter is to obtain guidance on coordinating future flights of sUAS not qualified for FAA registration or issuance of an 'N' number with local Air Traffic Control. As aeronautical safety is the primary concern, guidance from the FAA to safely coordinate use of airspace within the borders of California as stated above is requested. Thank you.

Sincerely,

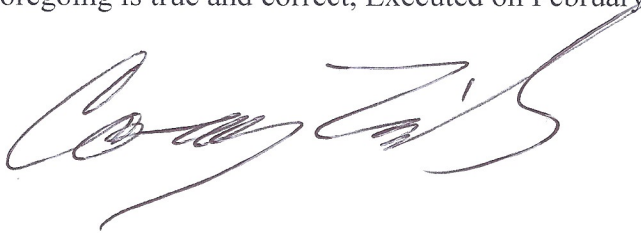

Enc. Citizenship Affidavit

P.S. The postage affixed to the envelope in which this letter was contained was affixed with the rate of postage established by the 37<sup>th</sup> Congress of the United States. It is hereby requested that the envelope and canceled postage described above be affixed to this letter permanently.
