Dear Senator Morfeld,

I recently came to understand that you refused to respond to an official request for assistance by one of your constituents because the request referenced Nebraska state citizens. Instead you responded by stating you 'didn't believe' in state citizens.

I am writing to inquire if you dispute the validity and applicability to your office of Article IV, Section 2, Cl., 1., of the United State Constitution. I look forward to your prompt response.

Sincerely,

A handwritten signature in blue ink, appearing to read "Corey Eib", is written below the "Sincerely," text.
